THE COALITION TO ADVANCE FUTURE STUDENT SUCCESS

The challenges of the last year laid bare the need for fundamental changes in K-12 education. The unprecedented injection of federal emergency relief funds presents an opportunity to transform the U.S. school system so it provides all students with the educational opportunity they deserve – we can't let this moment pass us by. To chart a path forward, the Coalition to Advance Future Student Success brings together 12 organizations that represent leaders from practitioners in the classroom to the state capitol working together to ensure this moment of transformation brings about greater equity and outcomes for students in the U.S. A key pillar is to support historically underserved students who have been disproportionately impacted by the COVID-19 pandemic.
